1. Project Overview

1.1. Project Background

In support of the Bureau's goals of achieving electronic filing of all taxpayers to capture tax returns data, improving efficiency and providing accurate statistical reports, the Indra and Philcox Joint Venture (JV) is implementing the Solution for the Use of Interactive Forms (IAF) for Filing Tax Returns.

BIR's directions are to:

- Improve filing efficiency
- Increase channels to taxpayers
- Maximize the use of new technologies
- Capture data from third party solutions
- Capture more returns data online and offline
- Increase tax return data capture
- Improve accuracy in statistical reporting
- Reach even those with limited internet capability

Through the project, the Bureau of Internal Revenue (BIR) hopes to gain the following benefits:

- Reach a wider range of taxpayers through additional filing channels that complement the BIR Electronic Filing and Payment System (eFPS)
- Increase rate of proper, voluntary tax return filing through convenient filing methods
- Motivate taxpayers to use electronic channels to improve data capture of tax return data
- Pioneer assimilation of data from third party applications
- Build public trust and improve relationship between private sector and the BIR

The project is divided into three (3) phases:

Phase 1 – Delivery of BIR Forms 1700, 1701, 1702 which can be downloaded from the BIR portal in PDF format. Taxpayers and/or ATAs can input/edit data in the PDF form. They can save/print the form and submit it to BIR offices manually.

Phase 2 – Delivery of the software package containing the thirty-one (31) BIR Forms that can be used offline when preparing tax returns. Taxpayers and/or tax agents/practitioners can input/edit data in the form. They can save/print the form and submit it to BIR offices manually.

Phase 3 – Delivery of the filing infrastructure/online system that will accept, validate, process and store the accomplished tax returns submitted online. This will provide BIR with the ability to monitor and initially process the forms uploaded by the taxpayers using the offline forms developed in phase 2. Data uploaded to the online system will also be sent to the existing Systems of BIR such as ITS and RPS for returns processing. The system will cater to the needs of taxpayers (non-eFPS filers), authorized tax agents (ATAs), and Tax Software Providers (TSPs). Tax agents/practitioners will be allowed to file on behalf of their clients. The System will also have a facility for TSPs to test and certify the outputs of their tax preparation software. It will also be capable of accepting returns data filed using system-certified TSP tax preparation software.

1.2. What is the eBIRForms Project?

The eBIRForms project aims to develop a filing infrastructure to provide electronic submission channels to all taxpayers (non-eFPS users) that are accessible and convenient. It will make tax preparation easier through automatic computations and validation features, lessening human error.

The eBIRForms aims to increase the electronic capture of data, lessening manual encoding for BIR, and increasing accuracy in statistical reporting.

2. Definition of Terms and Acronyms

2.1. Definition of Terms

Term	Definition
Offline	Activity is accomplished while individual is not connected to the internet
Online	Activity is accomplished while individual is connected to the internet
Manual filing	Taxpayer fills up form offline, prints it and submits form to AAB, RDO/ RCO
Electronic filing (in reference to the use of the eBIRForms)	Taxpayer fills up form using: • eBIRForms package (offline) • Downloadable Excel or PDF eBIRForms (1700, 1701, 1702)
Manual payment	Taxpayer or ATA physically hands over payment to AAB or RCO
Electronic payment	Taxpayer or ATA enrolls in a payment system, and directly uses the system for payment online

2.2. Acronyms

Term	Definition
AAB	Accredited Agent Bank
ATM	Automated Teller Machine
eBIRForms	Electronic Bureau of Internal Revenue Forms
eFPS	Electronic Filing and Payment System
ESM	Efficient Service Machine
OTC	Over-the-Counter
PDF	Portable Document Format
RCO	Revenue Collection Officer
RDO	Revenue District Office

3. Features of eBIRForms

3.1. What is the Offline eBIRForms Package?

- Refers to the version of the BIR forms developed and maintained by the BIR for offline preparation of tax returns that allows taxpayers to insert data edit, save, and print. It responds to the inputs of the user and it has automatic computation and validation features.

3.2. What is the Online eBIRForms System?

- Refers to the filing infrastructure that accepts, validates, processes and stores tax returns submitted online. The System creates secure user accounts for taxpayers, ATAs and Tax Software Providers (TSPs) for use of the Online System and allows ATAs to file in behalf of their clients. The System also has a facility for TSPs to test and certify the outputs of their tax preparation software. It will also be capable of accepting returns data filed using system-certified TSP tax preparation software.

3.3. What are the Features and Functionalities of the eBIRForms?

COMPLIANCE. The eBIRForms will prompt the user for invalid inputs and for lack of information. Validation features check if the TP conforms to business rules:

- Only one option should be selected
- Date input should be in the MMDDYYYY format
- Text field only accepts certain declared values
- Input should have a specific data length
- Required fields are filled up

CONSISTENCY. The eBIRForms have automatically generated fields with computations based on the existing BIR forms.

CONVENIENCE. Because of the auto-populated fields in the eBIRForms, the taxpayer needs to fill up fewer fields making tax filing easier and faster.

3.4. What are the Benefits of using the eBIRForms?

- Saves time because of automatic computations and auto-populated fields
- Easy to use
- Lessens human errors because of the validation feature
- Available even to those without consistent internet connection
- Captures taxpayer data
- Lessens manual encoding

Note: The BIR Forms in the Offline eBIRForms Package are not new forms. They are the existing BIR Forms in electronic format.

7. Frequently Asked Questions (FAQs)

What is the eBIRForms Project?

The eBIRForms project is in line with BIR's efforts to provide more convenient and accessible filing channels to improve efficiency. It will develop the eBIRForms Filing Infrastructure that will allow taxpayers and ATAs to prepare their returns offline, validate, edit, save and print their returns, and submit online.

How do you make use of the eBIRForms?

There is an offline eBIRForms Package and the online eBIRForms System.

Users must first download the offline eBIRForms Package from the BIR website and install it in his/her computer. The package contains the thirty-one (31) BIR Forms comprised of Income Tax Returns; Excise Tax Forms; VAT Forms; Withholding Tax Forms; Documentary Stamp Tax Forms; Percentage Tax Forms; ONETT Forms and Payment Form. At the bottom of each form page, there is a "Submit" button. To submit the tax return to the online eBIRForms System, users must click on the "Submit" button after successful form validation.

Users must also first be enrolled into the online eBIRForms System when submitting tax returns online. To enroll in the system, go to <https://ebirforms.bir.gov.ph> and click on the "Sign Up" tab.

What is the offline eBIRForms Package?

The use of offline eBIRForms Package is an alternative mode of preparing tax returns that allows taxpayers and Authorized Tax Agents (ATAs) to accomplish or fill up tax forms offline. Instead of the conventional manual process of filling up tax returns on pre-printed forms that is highly susceptible to human error, taxpayers/ATAs can directly encode data, validate, edit, save, delete, view, print and submit their tax returns. The package can do automatic computations and has the capability to validate information encoded by taxpayers/ATAs.

To download the **Offline eBIRForms Package v2.0**, go to <https://ebirforms.bir.gov.ph>.

What is the online eBIRForms System?

The online eBIRForms System is a filing infrastructure that accepts and validates tax returns submitted online. The System creates secure user accounts for taxpayers, ATAs and Tax Software Providers (TSPs) for use of the online System, and allows ATAs to file on behalf of their clients. The System also has a facility for TSPs to test and certify the data generated by their tax preparation software (certification is by form). It is capable of accepting returns data filed using certified TSP tax preparation software.

GUIDE FOR eBIRFORMS

Job Aid for Taxpayers and Accredited Tax Agents

Who can avail of the eBIRForms?

Non-eFPS users or all taxpayers who do not file their taxes through eFPS. Those enrolled in eFPS cannot enroll in eBIRForms and vice versa.

What are the system requirements for both offline eBIRForms Package and online eBIRForms System?

1. Supported Operating System: Windows XP (Service Pack 3), Windows Vista, Windows 7;
2. Hard disk drive space needed: at least 50 MB free space;
3. RAM memory needed: Runs best on 2GB or higher ActiveX components via Internet Explorer version 8 or higher;
4. Java Run-time Environment version 1.7; and
5. eBIRForms Package is best viewed in 1152 x 864 screen resolution.

What are the browser requirements?

1. Internet Explorer v9 or up
2. Mozilla Firefox v16 or up
3. Google Chrome v23 or up

Offline eBIRForms Package

Are the offline eBIRForms Package new forms?

No, it is just an electronic format of the existing BIR forms.

What are the available forms in the BIR website?

In PDF:

Annual Income Tax Return forms (BIR Form Nos. 1700, 1701 and 1702)

In the offline eBIRForms Package:

Thirty-one (31) BIR Forms comprised of Income Tax Returns; Excise Tax Forms; VAT Forms; Withholding Tax Forms; Documentary Stamp Tax Forms; Percentage Tax Forms; ONETT Forms and Payment Form.

When will the offline eBIRForms Package be available in the BIR website?

The offline eBIRForms Package Version 2.0 is already available for download in the BIR website.

How do I download the offline eBIRForms Package?

If you have internet connection:

- Go to <https://ebirforms.bir.gov.ph>

GUIDE FOR eBIRFORMS

Job Aid for Taxpayers and Accredited Tax Agents

- Go to the BIR website at www.bir.gov.ph. Click on the link to the BIR Forms on the left-hand side of the website. To access the eBIRForms package, click on the eBIRForms icon.

If you do not have internet connection:

- Go to a BIR e-lounge and bring your USB flash drive.
- Save eBIRForms Package installer from the e-lounge computer.

The offline eBIRForms Package I'm using doesn't have a "Submit" button on the Forms Page. How do I submit the forms online?

You need to download and use the latest version of the offline eBIRForms Package. The "Submit" button is available in offline eBIRForms Package v2.0. To download the latest version, click here: <download link>.

What program do I use to open the offline eBIRForms Package?

For the Annual ITR Forms, use PDF-Xchange Viewer. A link to this free software will also be available in the Instructional Guide.

For the remaining forms, just download and install the offline eBIRForms package.

What is the difference between the current downloadable forms and the offline eBIRForms Package?

- Currently there are 2 available types of forms in the BIR website:
 - PDF Format: the form cannot be edited, and can only be printed. Taxpayers need to fill out the form handwritten or use the typewriter.
 - Excel Format: the form can be typed over in a text box, but does not have automatic computations
- Offline eBIRForms Package:
 - The form can be edited and automatic computations are done even if the form is offline
 - Automatic computations in the forms avoid errors in manual computation\

Note: The Annual ITR Forms are not available in the offline eBIRForms Package, however it is available in interactive PDF format. These can also be downloaded from the BIR website.

Will the current downloadable forms still be available at the BIR website?

Yes. The current downloadable forms will still be available. There will be a new link for the forms.

What is the difference between eFPS and the offline eBIRForms Package (in terms of target taxpayers)?

GUIDE FOR eBIRFORMS

Job Aid for Taxpayers and Accredited Tax Agents

- Large taxpayers and selected taxpayers are the primary users of the eFPS.
- Non-individual and individual taxpayers and ATAs are the target users of the eBIRForms.

What is the page setup when I print the forms?

Page setup margins:

- Left: 0.146 inches
- Right: 0.148 inches
- Top: 0.14 inches
- Bottom: 0.14 inches

What size of paper do I print the form on?

Legal size or Folio size (8.5" x 13")

How do I submit the offline eBIRForms online?

Click on the "Submit" button on the bottom part of the form screen of the offline eBIRForms Package. Upon clicking on the "Submit" button, you will be redirected to the online eBIRForms System.

Online eBIRForms System

How do I enroll into the online eBIRForms System?

How do I know if the form has already been submitted to the online eBIRForms System?

The eBIRForm has been successfully filed if the system displays the Filing Reference Number (FRN) field along with the continue button to go to the FRN page. The page should also display the message "The form has been successfully filed".

Users can also view their submitted forms by clicking on the "Submitted Tax Returns" link.

How do I file an amended return?

Click on "Yes" under the "Amended Return?" part of the form when using the offline eBIRForms Package. The online eBIRForms System will be able to identify if the form filed is amended or not.
